

BOMBARDIER Challenger 300 > D-BEKP

Created from a clean sheet, the Bombardier Challenger 300 is the definitive, super-midsize corporate jet, developed to satisfy customer needs unmet by any other aircraft. The Bombardier Challenger 300 aircraft is a sophisticated, high-performance business jet with a true transatlantic range.

The Bombardier Challenger 300 business jet was designed to deliver superior performance over land or ocean, fly passengers in unmatched comfort and safety, with exceptional reliability and cost efficiency. All have been built in, ensuring maximum asset utilization with minimum required maintenance, making the Bombardier Challenger 300 a most dependable and uncomplicated choice in cost-effective business aviation.

A high performer so perfectly worthy of the Challenger name carries busy corporate leaders well above both weather and traffic. Its robust systems and workhorse powerplants are designed for heavy usage.
