## Bombardier Challenger 300

## > D-BOOM

**The BOMBARDIER Challenger 300** is a super-midsize business jet and the perfect choice for medium-haul flights. It is a sophisticated aircraft with a true transatlantic range of 3078 nm, designed to ensure exceptional performance over land or sea and to meet unprecedented safety standards.

The layout of the D-BOOM provides great comfort for nine passengers, comprising four seats in club configuration and two single seats with a three-seater berthable divan in the rear part of the jet, facilitating a high lying comfort on any flight, if desired. All seats come fully adjustable and with foldout tables as well as individual AC power plugs. The cabin itself measures 28.6 ft in length (excl. cockpit) and 7.2 ft in width. Adding the flat floor design and the outstanding height of 6.1 ft, the Challenger 300 convinces with its open, spacious atmosphere.

The galley with generous work surface, microwave oven, drainable ice drawer can be divided from the cabin, in order to guarantee the necessary privacy for the charter costumers. A fully enclosed aft lavatory and direct access to the baggage compartment round off this aircraft type, making it an exclusive means of travel for both business and pleasure.
